

# intern abroad.

IMPROVE YOUR SPANISH. GIVE BACK TO THE GLOBAL COMMUNITY. HAVE AN ADVENTURE.

At Kalu Yala, we are in the process of building the world's most sustainable village in the Panamanian rainforest. The Community Outreach and Education Internship Programs offer students and young professionals an opportunity for hands-on, grassroots work in the rural towns that neighbor the site where the village of Kalu Yala will one day be built.

Together, the Community Outreach and Education interns will empower the low-income communities by equipping residents with the necessary tools to develop harmoniously alongside the development of Kalu Yala. The internship will take place over three months, beginning January 16<sup>th</sup> and ending in April 13<sup>th</sup>. Applicants are permitted to seek academic credit through the internship.

- Visit [www.kaluyala.com](http://www.kaluyala.com)
- Send a resume to [internships@kaluyala.com](mailto:internships@kaluyala.com)
- Deadline– November 1st
